**Recession period for phasing oat C.F.Ss.**

4396. SHRI RANJAN PRASAD YADAV;
SHRIMTAI KAMLA SINHA:

Will the Minister of ENVIRONMENT AND PORESTS be pleased to state:

(a) whether it is a fact that as per the Montreal protocol India will have a recession period of ten years for phasing out CFCs;

(b) whether the CFCs and Methane Gas produced from paddy fields and cattle waste are ozong killers; and

(c) if so, what is the percentage of Indian CFCs and Methane production and its impact on environment?

THE MINISTER OF STATE OF THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI KAMAL NATH): (a) Under the Montreal Protocol, developing countries with low per capita consumption of controlled substances can comply with the phase-out schedule for ozone-depleting substances with a delay of ten years. For India, the Protocol would enter into force with effect from 19-9-92.

(b) and (c) CFCs are known to deplete the stratospheric ozone layer. Methane is
